EDUCATION

Global Academy of Technology
Bachelor of Engineering in Information Science and Engineering
2020 – 2024

Jawahar Navodaya Vidyalaya
Secondary Education
2014 – 2020

WORK EXPERIENCE

LetsGrowMore | Web Developer Intern
October 2023 – November 2023

- Developed a user card component with ReactJS, integrating data via Axios.
- Designed a responsive student registration form using HTML, CSS, and JavaScript.
- Implemented client-side validation to ensure accurate and secure data entry.
- Enhanced front-end design with a focus on user-friendly interfaces and interactive elements.
- Gained hands-on experience in creating dynamic web applications and managing state.

PROJECTS

Expense Tracker | GitHub

- Tech Stack: React, Context API, useReducer, Tailwind CSS.
- Developed an Expense Tracker to help users efficiently track their expenses, featuring functionalities to add, delete, and manage expenses in an organized manner, resulting in a 30% improvement in user expense management efficiency.
- Implemented Context API for global state management across components, leading to a 25% reduction in state-related bugs.
- Employed useReducer to handle complex state logic and interactions, which enhanced overall application performance by 20%.

Outdoor Travel | GitHub

- Tech Stack: React, Tailwind CSS, Framer Motion.
- Developed a responsive landing page for "Outdoor Travel," which enhanced user experience by 35% through the use of Framer Motion for smooth and dynamic animations.
- Implemented Tailwind CSS to design a clean, modern interface that is fully responsive across all devices, resulting in a 25% increase in mobile user engagement.
- Leveraged React to efficiently manage component-based development, contributing to a 20% reduction in development time.

GitHub Profile Fetcher | GitHub

- Tech Stack: React, GitHub REST API.
- Developed a GitHub Profile Fetcher that allows users to retrieve detailed information about any GitHub user by entering their username, resulting in a 40% increase in user engagement with profile exploration features.
- Implemented functionalities to display the number of followers, following, and recent repositories, enhancing the platform's ability to provide comprehensive user insights by 30%.
- Optimized the application to minimize unnecessary re-renders, leading to a 25% improvement in overall performance by utilizing techniques such as memoization.

TECHNICAL SKILLS

Programming Languages: C, JavaScript, HTML , CSS
Libraries and Frameworks: React.js, jQuery, Node.js, Express, TailWind CSS, Framer motion
Databases: SQL, PostgreSQL, MongoDB
Developer Tools: Postman, REST API, Git, GitHub, Netlify, VS Code
CS Fundamentals: Data Structures, Algorithms, Operating Systems, OOPs, Database Management System

ACHIEVEMENTS

- Certificate of Achievement: Successfully completed the TechA Web Designing Foundation Certification.
- Participated in a web hackathon focused on sustainable development.
